EXCLUSIVE

INVITATION-ONLY EVENT

The KGPCo Pinnacle Conference is an annual gathering of senior executives from across the communications and digital infrastructure ecosystem, bringing together global, national, and regional service providers. Its intimate format fosters meaningful dialogue on emerging technologies and the rapidly evolving connectivity landscape.

Who Attends

The Pinnacle Conference brings together 30–40 senior executives from across the communications and digital infrastructure ecosystem, including tier 1, 2, and 3 carriers, fiber providers, data center operators, cloud organizations, and cable companies. Plus, key representatives from leading OEMs and strategic supplier partners, creating a uniquely diverse and influential mix of industry leaders.
